FIGHTING FOR JOBS

FIGHTING FOR PUBLIC SERVICES

We are being told to pay for the bankers gambling by losing jobs, taking cuts in pay & conditions and slashing public services; we are being strangled by the anti-union laws trying to prevent us resisting; we face the attempts to cause division by the fascist BNP; internationally we see the same attack on workers with massive fightbacks as in Greece and Spain; we see continuing costly wars & failure to deal with climate change and the needs of the environment; we see failure to resolve key issues like Palestine. The list goes on.

May Day is when we can bring our demands together. To show support for jobs, for public services, for our rights.
