MAY DAY 2011

The fight to save jobs & services has to intensify. The pressure must be kept up.

The bankers are back on the bonus gravy train whilst we are being hit to pay for the crisis they created. We face price rises and wage cuts, pensions slashed and the most vulnerable in society under attack. Yet if the big companies and rich paid their taxes there would be no crisis.

This attack is hitting workers across Europe & the world.

Unity is our strength.
